

To all patients:

We ask that you provide us with your current insurance information at all visits. We are happy to bill your insurance for you, if we are a contracted provider of your particular insurance. If you are unable to provide us with your insurance information, including group numbers, ID numbers, and mailing address for claims, charges will be due at the time of service. If we are not a provider of your insurance, we will provide you with the necessary information to file for reimbursement.

For your convenience, we provide certain lab services at our office. All lab charges are billed separately by the lab. If you do not have your current insurance card with you, lab charges will be billed directly to you by the lab.

Please let us know if you have any further questions.

I have read and understand this information.

I understand that I am responsible for any charges not covered by my insurance company.
